

**CAYMAN AIRWAYS
IS INVITING APPLICATIONS FOR THE POSITION OF:**

Duty Maintenance Manager

This position is responsible for coordinating and managing the daily aircraft maintenance production activities in addition to accomplishing and certifying releases for completed work in both a line and base environment.

The Duty Maintenance Manager performs all the duties of the Manager Maintenance Production or an Aircraft Maintenance Supervisor when circumstances necessitate, ensuring the company's requirements are met in the most expeditious manner.

The job also entails shift work and occasional flying engineer duties.

Minimum requirements:

- Licensed airframe and engine or avionic engineer (FAA / Transport Canada / JAA / EASA) with ATA Spec 104 level 3 type training on the Boeing 737-200 and/or the Boeing 737-300 aircraft
- Minimum 10 years total experience with at least 5 years experience on the B737-200 and/or 737-300 and 2 years in at least a supervisory capacity
- Excellent leadership and organizational skills
- Computer literate
- Excellent command of the English language, with strong written and oral skills.

Salary: CI\$ 58,500 – 75,000.00
